## **DETAILED ACTION**

### ***Response to Arguments***

Applicant's arguments with respect to the rejected claims have been considered but are moot in view of the new ground(s) of rejection.

### ***Claim Rejections - 35 USC § 102***

Claims 1,4,5,9,11,13,17-20 are rejected under 35 U.S.C. 102(b) as being anticipated by Bahri et al. This patent in figure 2 discloses a plastic/metal separating system including air classifier 5, plastic grinder 10, and second air classifier 12.

Claims 17-20 are rejected under 35 U.S.C. 102(b) as being anticipated by Chapman. Figure 2 shows air/fluidized bed separator 209 separating metals from plastics.

### ***Claim Rejections - 35 USC § 103***

Claim 6 is rejected under 35 U.S.C. 103(a) as being unpatentable over Bahri et al. The use of fans or suction means to move material within a system is well known in the art and of no patentable merit.

Claims 10,12,14-16 are rejected under 35 U.S.C. 103(a) as being unpatentable over Bahri et al as applied to claim 1 above, and further in view of Warsing et al. The apparatus of Bahri et al does not appear to be movable on a platform. Warsing et al discloses the basic concept of placing grinders and separators on a movable platform for added versatility. In order to provide for added versatility, it would have been

obvious for one of ordinary skill in the art to modify Bahri et al by placing the apparatus on a movable platform, taught to be desirable by Warsing et al.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
